Textbooks may be ordered through the University of Miami's Bookstore.

Personal telephone calls, unless local, **are not** allowed from the Miami Campus. However, should you need to contact the main campus in Tallahassee to conduct official university business, you may do so by informing the Office Manager or Coordinator who will then connect you to that number. Please try to limit your calls to five minutes

## **Clerkship Sites & Rotation**

Jackson Memorial and the Veteran's Administration (VA) Hospitals are the primary clerkship sites for the College of Pharmacy students in Miami. Clerkship rotations are scheduled and accompanied by designated faculty. In addition to rotations, students are required to attend seminars and workshops, as they occur, throughout the academic year at these sites.

## **Civic Center – Miami, Florida**

The Civic Center is located on the Northwest side of Miami, Florida. It is conveniently located next to the Metro-rail System. The Metro-rail is a state-of-the-art 21 mile elevated rail system which services twenty stations. It takes you from South Miami to North Miami in approximately 38 minutes making all stops in between.

The Medical Complex within the Civic Center includes Jackson Memorial Hospital, The Veterans Administration (VA) Medical Center, Cedars Medical Center - Columbia, University of Miami Diagnostic Clinics, Bascom Palmer Eye Institute, Mailman Center for Child Development, the National Children's Cardiac Hospital and the Sylvester Cancer Center.

## **Jackson Memorial Hospital**

Jackson Memorial Hospital is most famous for its Burn Unit and Trauma Center. It is located at 1611 NW 12th Avenue, Miami, Florida. It is an accredited, not-for-profit, major tertiary teaching hospital. The facility is one of the largest hospitals under a single license in the United States. It shares a 67-acre site adjacent to downtown Miami with the University of Miami School of Medicine. The University of Miami/Jackson Memorial Medical Center has been honored as one of the top 25 medical centers in the nation according to the publication, **The Best in Medicine**. Jackson Memorial Hospital was also named among the nation's top hospitals in **The Best Hospitals in America**.

Jackson Memorial Hospital provides a comprehensive array of diagnostic and treatment services for medical, surgical, obstetrical and gynecological, psychiatry, pediatric, emergent, ambulatory and rehabilitative patients.

## **Veteran's Administration (VA) Medical Center**

The Miami VA Medical Center is located at 1201 NW 16th Street. It is on 26 acres in the heart of Miami's Medical Care Complex. It operates 671 acute beds divided among medicine, surgery, psychiatry, neurology, dermatology, spinal cord injury, rehabilitation medicine, geriatrics and long term care. The Miami outpatient service operates at a level of 360,000 visits per year. A 240 bed Nursing Home Care Facility with an adult Day Health Care Center is located adjacent to the main building. Miami has one of the largest research programs in the VA system, supporting approximately 80 principal investigators and 213 research projects.

Cedars Medical Center provides one of the finest in personalized health care services with more than 1,000 physicians in a full range of medical and surgical specialties. Cedars is a member of Columbia Health Care Corporation, one of the nation's largest hospital groups and is affiliated with the University of Miami School of Medicine, participating in national studies of cancer, heart disease and new surgical and drug treatment techniques.

Also conveniently located for those who work or study at the Civic Center is, just to name a few, a small Post Office, Money Gram, Travel Agency, Banks, a Uniform Shop where students are able to purchase lab coats, etc., Jackson Deli and a variety of other small eateries such as McDonalds, Burger King, Miami Subs, Subway, etc.

# Relocation Checklist

## Make Timely Housing Arrangements

Housing information is being made available to you to assist in finding an apartment in Miami. It is suggested that final arrangements for the apartment you have chosen be made two months prior to your arrival.

Use the following information as a checklist to determine if you have properly made final arrangements for your move to Miami.

1. Decide on Living Arrangements  
(i.e., where, with whom, how much per month, date of arrival in Miami)
  - a. Consider its location in proximity to the Miami Campus.
  - b. Consider your mode of transportation.
  - c. Consider the safety of your anticipated surroundings.
2. Determine if there is vacancy in the place you have chosen to reside and obtain an application.
3. Read application and apartment information thoroughly to determine
  - (a) what your responsibilities are as a tenant
  - (b) what day of the month rent is due
  - (c) how much your rent will be per month.
4. Prepare an achievable, workable, obtainable budget to determine if your choice of housing is affordable and within your income's reach.
5. Return completed application as soon as you are certain it is where you will reside.
6. Notify Apartment Management Office of your date of arrival in Miami.
7. Send Security Deposit (if applicable) prior to your arrival to ensure space and alleviate being bumped.
8. Contact the FAMU College of Pharmacy's Miami Campus to inform them of the following:
  - \*your place of residence
  - \*your date of arrival
  - \*a telephone number where you can be contacted

9. Contact Florida Power & Light Company to determine how much it will cost to start your utilities once you have determined where you will live and your date of arrival. **You may dial (800) 226-6543** and place your order for service ahead of your arrival time.
10. Contact Southern Bell if you would like telephone services connected by the time you arrive. To place such an order, you may dial (305) 780-2355.

Now that you are sure of your accommodations in Miami, make every effort to finalize the "leg-work" necessary in Tallahassee on the Main Campus. Once you have moved to the Miami area, it is often difficult to find the time to return to Tallahassee to straighten out unfinished business. Take a full-scale look at the past four/five years and determine what responsibilities you may have accumulated over time. Additionally, consider the fact that you may not be able to get back to Tallahassee for the next nine months and when you do return, it will be for one week to participate in graduation-related affairs. Taking time to check on the following items could save you time and money.

1. Check on any grades of °I° which may need additional work completed. Discuss with professor(s).
2. Check on IMMUNIZATION HOLDS. Several tests and immunizations are required before your arrival in Miami. Please ensure that you are in compliance with these requirements.
3. Check on personal accounts in Tallahassee which may not be accessible rendering them "out of sight--out of mind."
4. Check on any books that may be checked out in your name; whether at the Pharmacy Library, Coleman Library or Strozier Library.
5. Make sure you have satisfied ALL Gordon Rule Requirements.
6. Satisfy any traffic violations/fees you may have with the Campus Police Department or Leon County Courthouse.
7. Check to see if your banking institution has a location in Miami, Florida. If not, look into making changes to facilitate your financial needs.
8. Be sure to submit the Veteran's Administration Hospital application to the Miami Campus one month prior to starting your clerkship at the Miami Campus. Proof of tuberculosis immunization should also be forwarded with the VA application.

# Student Dress Code

The dress code is intended to contribute to the overall professional development of the pharmacy student. The purpose of the dress code is to make the student aware that there is a standard of professional dress that should be adhered to, in order to have a more effective transition into the professional world.

In addition, the dress code is intended to improve the overall appearance of students enrolled in the college.

The following items of clothing are not allowed at any time:

1. Hats
2. Flip Flops
3. Sweat Suits
4. Tank tops or athletic t-shirts
5. Holes/cut in clothing
6. Suggestive or inappropriate slogans on clothing
7. Shorts
8. Sandals
9. Leggings
10. Jean dresses or pants

The following code will be in place on a daily basis for III pharmacy students. The code is:

Male:

A shirt with matching tie and dress pants. Jeans, tennis shoes are not acceptable. Socks are required.

Female:

A dress or skirt/blouse or dress pants are required. Tennis shoes, jeans, low cut blouses are not allowed.

Note:

The Miami campus requires that all students follow the dress code at all training sites for the entire business day.

## General Guidelines for Requesting Excused and Unexcused Absences

Responsible behavior is expected of pharmacy students at all levels; consequently, excused absences are issued to students in order to prevent negative academic repercussions from a legitimate life event. It is not designed to accommodate students who have not acted responsibly.

The following guidelines will be used in determining the appropriateness of an excuse being issued:

1. Students must notify their Preceptor, Coordinator, and Director concerning any event that may cause their absence from any rotation or hospital visits. This notice should occur as soon as the student is aware of the event. Notice should be given in person or by phone if necessary.
2. All requests for excused absences must be made **24 hours** after a student is physically able to return to school. Requests after this period **will not** be accepted.
3. In order to receive an excused absence for illness, the student must submit legible doctors' statement or statement from a clinic official. The statement must be clearly dated and signed. If the illness does not warrant a trip to the clinic and/or doctor, the student must notify the Preceptor and Director *if* he or she is ill and is unable to attend rotations. This must be done during the time *of* the illness. **Request after the fact will not be accepted.**
4. If there is any illness or death in one's family, the Preceptor, Coordinator and Director should be notified as soon as you are aware, so that they can assist you in any academic and/or personal arrangements to facilitate your continued positive academic performance. A formal announcement *of* some kind is required.
5. All requests for excused absences must be submitted directly to the Preceptor. The request will then be placed in the Coordinator's file.
6. Three tardies will result in an unexcused absence. Three unexcused absences will result in a lowered letter grade.

It is important that all *of* our students act responsibly so that we can assist you when there is a legitimate personal issue to resolve. We ask for your cooperation in helping us to help you.

**NOTE: Individual preceptors may use different guidelines for requesting absences.**

## **Immunization**

Most clinical sites require students to have immunizations or tests. Please make sure that you have the following done **prior** to reporting to the Miami Campus.

Tuberculin Assessment skin test in the last twelve months; PPD within the last twelve months that is negative. For students known to be positive, they will need to have a clinical assessment for symptoms, such as a chest X-ray.

Current Titers of Rubella, Varicella and Hepatitis B.

## **Holds with Student Accounts**

It is of paramount importance that you make every effort to clear all financial/registration holds **prior to coming** to Miami. While telephone calls to the main campus are permissible to conduct official university business, it is quite difficult to get the help or attention needed to quickly resolve these types of problems. Resolving these matters prior to leaving the main campus will ensure easier registration for individuals registering on your behalf.

## **Pagers**

All students located in the Miami area are required to obtain a pager. Students are responsible for obtaining their pagers. Payments are approximately \$70.00 annually. Students are asked to inform the College of their pager number.

## **Social Interactions**

The College tries to host at least two main social events which include the students during the academic year. These are the annual picnic and Christmas party. Students are informed of these functions as the date draws near.

## Financial Aid Concerns

If you have a scholarship, grant or are a financial aid recipient, make sure that the Financial Aid Office has the information on file as it pertains to you and your award letters. If you will have a balance to be paid at the time of registration, make preparations, prior to leaving the main campus in Tallahassee, to ensure that the proper amount of money is available.

It is also possible to forward the balance of registration fees through overnight mail, at your expense. In the event you choose to forward your registration by mail, be sure to have the article forwarded, "certified return receipt," so you will know when the package is received in the Office of Student Accounts and by whom. Be sure to take the necessary steps to provide the Office of the Registrar and the Office of Financial Aid of your new address, in writing, as soon as possible in order for them to mail information pertaining to your financial aid directly to you.

## Transportation

If you will be arriving in Miami, Florida by way of private vehicle (rented car, own car, car pool, U-haul, etc.), be sure to call ahead and let a local party know of your departure time from Tallahassee and arrival time in Miami. Do not leave hacked vehicle unattended upon arriving in Miami. Safety of your personal belongings is your responsibility and of great concern to us. Therefore, unpack your vehicle as soon as possible in order to avoid any misfortunes. If you will be arriving in Miami, Florida by way of airplane, make arrangements to have a local party meet you at the airport.

Do not park vehicles in unattended areas while at the Medical Center. It is suggested that you park your car in one of the garages with an attendant on duty. There are a limited amount of cards available to students per month. The cost of the cards per month is \$30.00

Upon getting settled in the city, it is good to know the opportunities and provisions available to you. The City of Miami and Metro Dade County offers several means of public transportation. Additionally, adequate security is present at most major rail stations. The following lists the modes of public transportation available to you.

The Metrorail is a state-of-the-art 21-mile elevated rail system which can take you from South Miami to North Miami in approximately 38 minutes-making alt stops in between. It services twenty stations. The cost of the metrorail is \$1.25 one way, you may transfer from the metrobus to the metrorail for an additional cost of \$.25. Monthly passes (metropass) are available at a student rate of \$45.00 with an additional \$5.00 for parking. Tokens are also available for purchase , the cost for the metro-rail when using the tokens is \$1.00 one way. Tokens can only be purchased if you pay the limited cost of \$10.00.

## **Transportation Continued**

The Metromover is a shuttle bus which serves downtown Miami exclusively. Metromover connects to the Metrorail at the Government Center or the Brickell station for fast, convenient travel county-wide.

The Tri-Rail is a tri-county commuter train serving West Palm Beach, Broward and Dade counties. It runs every hour, daily beginning 5:00 a.m. through 9:30 p.m. There is no tri-rail service on Sunday. Additionally, Saturday's schedule differ in that the train runs every other hour.

You can transfer to metrobus at any metrorail station or from the downtown bus terminal. Cost of the metromover is \$.25 weekdays from 6am until midnight.

**NOTE: The Metropass may be used for the bus, metrorail and metromover, monthly, as often as you like.**

## **Graduation**

At the time of graduation students are required to do an exit interview with the Coordinator for Students Affairs and Director - Miami. All outstanding charges at the Miami and Tallahassee campus', not cleared prior to graduation may result in 'hold' status. Charges for the Miami Campus include parking, Calder and VA libraries service, etc.

### **Cap & Gown**

Individual Measurement forms, for graduation cap and gown, are provided by the Office of Student Affairs at the Miami Campus. These forms are sent in bulk to the University Bookstore for processing. At that time a money order made out to the University Bookstore is to be provided by the student for payment. The gowns will be put on hold for students to pick up once they return to the main campus at the end of the year. Any student wishing to take care of their order personally may do so.

### **Graduation Announcements**

Students are responsible for the provision of their graduation announcements. Orders can be made through FAMU's Bookstore or at any local print shop.

### **Graduation Pictures**

Graduation photographs are taken on the main campus in Tallahassee. Students wishing to take photographs on the main campus must make individual accommodations to go to Tallahassee.

## Bulletin Boards

The Bulletin Boards are for your information and monitoring. Take time each day to review items posted for announcement that might be of interest to you.

## Library Services

### FAMU Library

The College of Pharmacy provides library services to students between the hours of 8:00 a.m. and 5:00 p.m. Students wishing to use texts/journals in the multipurpose Conference Room must sign the book/journal out. Signing a book or journal back into the book shelves is just as important as logging out. In the event a student returned a text/journal and did not log in the return, that student will be liable should that book/journal turn up missing. **Texts and journals may not be removed from the campus.**

### University of Miami - Calder Medical Library

The Calder Medical Library is located at 1601 NW 10th Avenue. The library hours are:

Monday - Thursday	7:30 a.m. -12:00 a.m.
Friday	7:30 a.m. - 8:00 p.m.
Saturday	8:00 a.m. - 8:00 p.m.
Sunday	12:00 p.m. - 12:00 a.m.

Students of FAMU College of Pharmacy are allowed to check out books with a valid student identification card. The University's 'hold' system will be used to postpone graduation should the library materials and privileges be misused and/or abused.

### Veteran's Administration Hospital Library

Students are allowed to use the Library at the VA with proper student identification. The library hours are:

Monday through Thursday	7:30 a.m. - 4:30 p.m.
Friday	7:30 a.m. -1:00 p.m.
Saturday and Sunday	Closed

## **Library Services Continued**

All library materials removed from the VA's Medical Library will be signed out at the circulation desk on cards provided for this purpose. The user's signature will be clearly legible and will be followed by the user's service, telephone number or other information of where he or she can be reached in case the material is needed by someone else.

Books from the Reference area are not available for loan and may not be removed from the library. The 'hold' status will also be enforced due to any negligence on the students part.

## **Computers**

Computers are available for student use in room 1124. These computers are available for student use 24 hours per day. As you know computers are very fragile and should be handled with great care. We ask that students **DO NOT** rearrange or tamper with the equipment (hardware or software) in any way.

## **Hurricane Season**

The months of April through August are the rainy season in Miami. During these months we may have several hurricane warnings. Should this occur you will be instructed by this Office, of the precautions you will need to take in order to be well prepared for this occurrence. You will be provided with faculty/staff numbers in the event that you may need to contact someone from this office.

If you cannot contact someone from this office to officially verify the closing of the University during a hurricane watch, listen to the weather report and follow the precautions taken by Florida International University officials.

Students are asked at this time to take every precaution necessary to guarantee their safety. It is advised that you do not stay by yourself in your apartment. Listen to the news and weather reports for areas of evacuation and the sites available for those of you in the evacuation areas.

A hurricane watch does not mean that a hurricane will hit Miami or Florida. It is given so that individuals will be alerted and take every precaution necessary to guarantee their safety. This is not a time for you to panic. It is a time for you to be very prepared.

## General Precautions

*The Faculty and Staff of the College of Pharmacy and Florida A&M University are committed to doing everything we can to ensure the safety of our students Listed below are a few tips which we feel will be helpful to you in taking the necessary precautionary measure*

Never prop doors open or let someone into your apartment that you don't know. Don't open your doors to strangers - utility companies furnish I.D. badges.

It is very risky to accept a ride home or an invitation for a late night snack from someone you have just met.

Be careful of whom you are with and where you are when under the influence of alcohol or other mood altering drugs. Avoid taking alcohol from strangers, you never know what they may put in it. **DO NOT USE DRUGS... PERIOD!!**

When you are using Laundromats or apartment house laundry rooms, plan to go with a neighbor or friend. Try to avoid entering the area alone if it is empty.

Trust your instincts when you sense danger. Don't be embarrassed "to make a scene" if you feel you are in danger.

Never reveal your phone number to a wrong number caller. Never listen to heavy breathers or obscene callers. Hang up gently.

Lock your door as soon as you enter or leave. Don't lend your keys to anyone!!

If you notice any signs of forced entry when you come home, don't enter. Go to a neighbor's and call the police.

Never leave messages on your door. This is an indicator that there is no one home.

Always have your keys out and ready when going to your car or getting home.

Don't hide any extra key outside. There is no such thing as a "safe spot." Burglars know all the best spots.

Be wary of neighbors or casual acquaintances who make it a habit of "dropping in" when no one else is home.

Don't advertise that you live alone. Never put Miss/Ms. or Mrs. on your door or mailbox. Put your surname only.

Never accept rides from strangers. If you are being harassed from a vehicle, turn and walk in the opposite direction. Try to head for lights and people.

Avoid dark and secluded places and do not bike, jog or walk alone at night. When leaving the hospital late, try to find someone to walk with you to your car.

If your car has a door light, place the switch on **door** so that the light automatically comes on as you open your car door. Before getting in your car, be sure to check the floor of the back seat. When driving keep your doors locked. Whenever possible park in a well lighted area.

If you think you are being followed, do not drive home. Drive to the nearest gas, fire or police station, or to the nearest well lighted area where there are people.

Do not travel home on a routine. Try not to drive the same route at the same time every day if this can be avoided.

Do not pull over for flashing headlights. If it is an emergency vehicle or the police there will be a flashing red or blue lights on the top of the car.

Do not pick up hitchhikers under **ANY** circumstances. Never hitchhike or accept rides from strangers.

If you have car trouble on the road, raise the hood and then wait inside the car with the doors locked and the windows up. If a motorist stops to help, crack the window slightly and ask him or her to call the police.

Always carry enough money for an emergency phone call and to purchase gas if you need it. Maintain your car in good running condition.

If you should need to use the computers on campus after hours during the week days or on the weekends, always ask your roommate or another friend to accompany you. Try to avoid being here by yourselves at all times.

If you should somehow end up in an unfamiliar area, check your surroundings very carefully before asking anyone for directions. Try to find a gas station to get directions.

If you feel you must give directions to a driver or pedestrian, maintain enough distance to prevent from being grabbed and dragged into the car or an alley.

### PARKING PROCEDURES

The following information is very important so please take a few minutes to review in it detail.

We have recently had an unfortunate event to occur in the parking area and it has become necessary that you be informed of proper procedure in the unfortunate event that your vehicle is damaged in the parking area. If your vehicle is damaged due to an equipment failure or so other occurrence please adhere to the following instructions:

1. DO NOT MOVE YOUR VEHICLE.
2. Contact APCOA (parking company) using the HELP button in the parking area. If you are unsuccessful in reaching APCOA, **DO NOT MOVE YOUR VEHICLE** and follow step three.
3. Contact Jackson Towers Security (305) 585-5499. Again, **DO NOT MOVE YOUR VEHICLE**. If you do not have access to a phone, walk to the front desk and report the incident to the security officer on duty.
4. Obtain an incident report. You must obtain an incident report at the time of the incident you can not wait until the next day or a few hours later. The report must be completed immediately. Again, DO NOT MOVE YOUR VEHICLE until a security officer or APCOA representative has indicated that it is okay to do so.
5. Notify Ms. Moore once the report has been completed. This will expedite the processing of your claim.

Please follow these steps to avoid any problems and hopefully avoid any further unfortunate incidents.
